

Connecting with your COMMUNITY couldn't be easier!

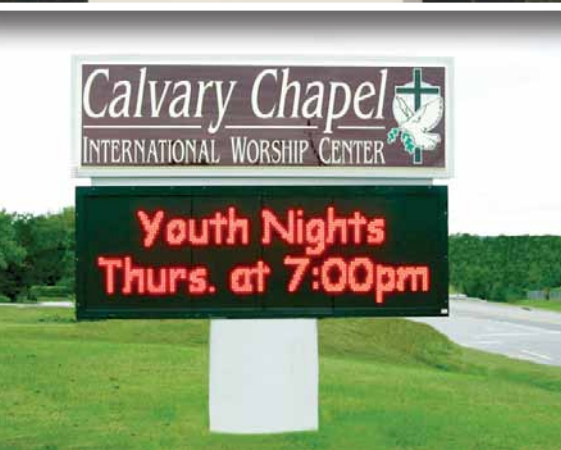

Religious institutions worldwide are discovering the power of digital outdoor displays to attract, inform and inspire! Our LED signage solutions are the most convenient way to get your messages out. High impact LEDs draw far more attention than your old manual letter board. The quickest way to promote an *event* or a *fundraiser*, LED signs are PROVEN to increase participation & awareness & will stimulate involvement. Displaying *inspirational messages*, *service times*, *calendar* and *publicizing your website* helps you keep your community informed at all times.

- Graphic and video animations
- 256 shades of a single color, red or amber

Full-Color Video Displays

- Graphic and video animations
- Trillions of colors

Go "GREEN" with ECO-EFFICIENT LEDs

LEDs are energy-more efficient than any other type of lighting as LEDs convert energy to light. They are safe, mercury-free and lead-free illumination using very little voltage. They are long-lasting (up to 10 times longer than traditional lighting for signage). LED signage helps to reduce paper costs by reducing the number of mailings, print bulletings and banner costs thereby saving our forests, as well.

Proven Reputation

"We love our sign. It has informed the community about all our services and helped increase participation at our church and in our "in the park interfaith revivals "events".

Pastor Ritchey

Lighthouse Assembly of God Church
(installed 2005)

"Wow! Easy tto use reliable and still going strong! Since 2006! Our community loves it for all we offer as far as programs and services as well as "In Memoriam condolences on our sign."

Father Detisch

Sacred Heart Church
